

The Adjudicator

Canadian Association of Dental Consultants

Don't forget to renew your membership before April 30 to get the discount

From our President

Dr. Lori Stephen-James

I hope everyone had a wonderful holiday season and that the New Year finds you well. The winter is speeding by and it is time to renew your association membership and start planning for our fall symposium.

We had a fabulous symposium last year in Niagara Falls and will continue the tradition this year. Montreal is a great city to provide the meeting with lots to do and see and easy to travel to. If you have any suggestions for speakers and/or topics, feel free to share them with our organizing committee (see page 2). The dates are September 25, 26 and 27 so mark them on your calendar.

Currently, I do not have much to report as we are still in the planning stages. As soon as I receive any details I will send out a general notice to everyone so please do not delete.

Talk soon.

Lori

Program:

Friday – enjoy a welcome reception and network with friends and colleagues

Saturday – full day of presentations for our learning program followed by dinner and entertainment

Sunday – business meeting and wrap-up

Planning Committee:

Dr. Ali Kapasi, Dr. Ed Zieba

Want to Expand Your Dental Consulting Practice?

The major third-party administrators (SunLife, Manulife, Great West, Green Shield Canada), are aware of us. Some of these companies have used the CADC to help them retain a consultant. But many other entities from time to time require second opinions that our members have knowledge to provide but they are not aware that we exist.

Consider the following examples:

- Federally there is the NIHB (non-insured health benefit) and the armed forces.
- Provincially there are Workers' Compensation Benefits and Victim Compensation Boards (not every province provides financial benefits).
- Personal injury lawyers that act on behalf of persons that have received injuries to the teeth and face.
- Litigation lawyers that act in malpractice claims.

Which brings up these 2 questions:

- Are CADC members looking for more consulting work?
- And if so, should the CADC be acting on behalf of members to make our organization better known to the many entities that on occasion need informed second opinions?

Send your comments and ideas to Dr. Anu Seoni at aseoni@rogers.com. We will report our findings to these questions in a future edition of this newsletter.
